

# Biocitro® in Ruminants

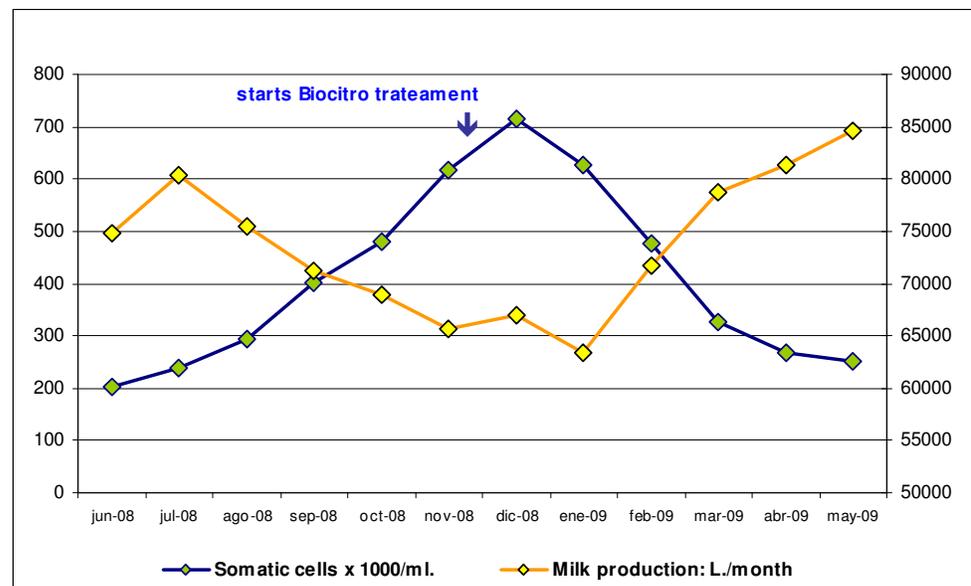

The inclusion of Biocitro in feed and drinking system allows to the birds to take advantage of the benefits of Vitamin C and Citrus Bioflavonoids...

- Increases feed efficiency, optimize the performances.
- Reduce stress and his effects.
- Protects the immune system, aiding the natural immunity, improving the animal health status, and effectiveness of vaccination programs.
- Helps in the Clostridiosis and Collibacillosis control.
- Reduce the mortality and the digestive pathologies.
- Contribute to the correct development of reproductive topics, improve the fertility.
- In addition, its antioxidant effect improves...
  - ... meat quality, reduces oxidation and increases shelf-life.
  - ... milk quality, increasing his fat and protein percentage.
- In short, improves the Global Performance and therefore the profitability.

Biocitro® effect on milk quality. *Technical Dept. of Provena, S.L.*

The figure below shows the growth of milk production when the percentage of somatic cells goes down.

## **Dosage and Uses:**

**Milk cows**, during pregnancy and milk production.

**Biocitro<sup>®</sup> 20** mixed with daily feed: **7-10 g./cow and day**

**Biocitro<sup>®</sup> L-15**, in the drinking system: **10 ml. /cow and day.**

### **Milk calf:**

**Biocitro<sup>®</sup> L-15:** In the start, stress periods, transports, etc, mixed with milk/  
drinking system: **0, 8-1 ml/L.**

**Biocitro<sup>®</sup> 20**, in the first feed: **1 kg. /Ton**

### **Ruminant calf:**

**Biocitro<sup>®</sup> L-15, in drinking water system:**

In the start, stress, transports, vaccinations, etc.: **0.5-0.7 ml. /L.**

**Biocitro<sup>®</sup> 20, in feed:**

Continuously from the start to slaughter: **0.4-0.5 kg. /Ton.**

Only during the two final fattening month (meat quality): **0.75-1 kg. /Ton.**

## **Presentations:**

**Biocitro<sup>®</sup> 20:** 20% Biocitro<sup>®</sup> powder on a carrier to use in the feed of all animal species. 20 kg Bags.

**Biocitro<sup>®</sup> L-15:** 20% Diluted Biocitro<sup>®</sup> Liquid, to use in the drinking systems of all animal species. 1, 5, 25 and 200 litres bottles.

**Please contact us for advice on how to use Biocitro<sup>®</sup> to achieve maximum results.**
