

# PROBENA

PRODUCTOS EN BENEFICIO DE LA NATURALEZA

The inclusion of Biocitro® in feed and drinking system allows the animals to take advantage of the benefits of **VITAMIN C** and **CITRUS BIOFLAVONOIDS**

## Biocitro®

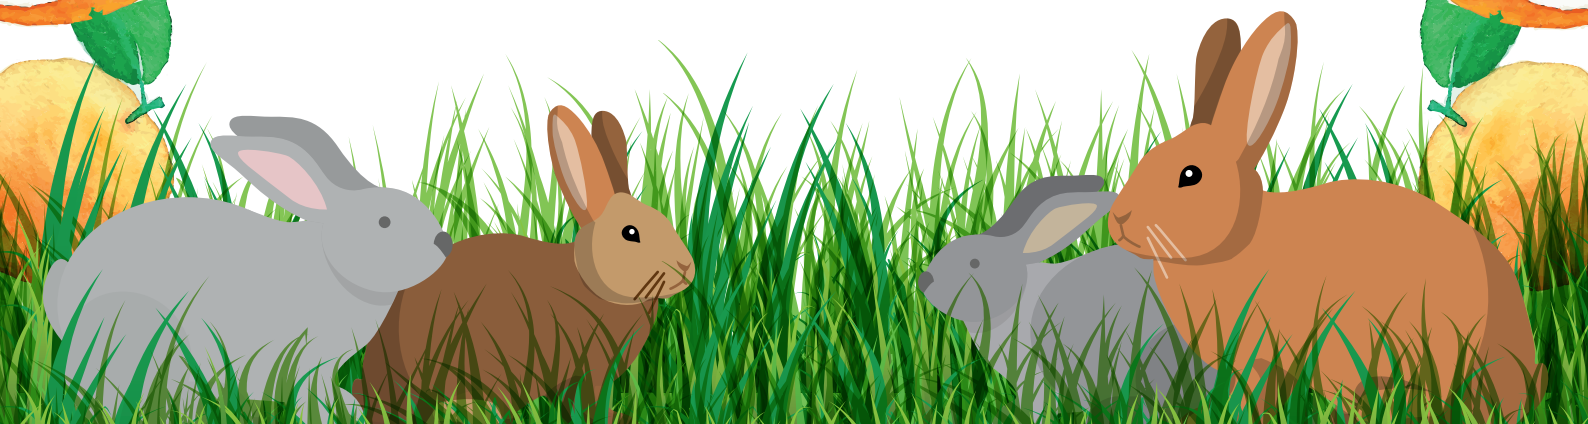

### IN RABBITS

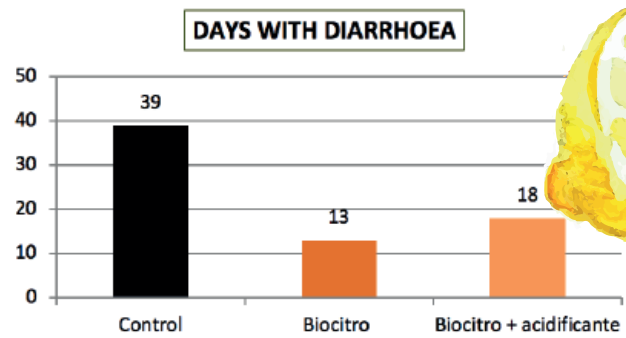

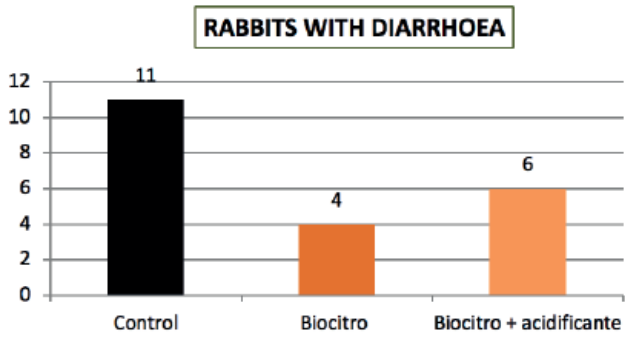

Can be used in **ecological production** according to the Regulation (CE) 889/2008

**FAMI**qs  
European Family Rabbits and Pheasants Quality System

# Biocitro® IN RABBITS

*"Effect of Biocitro as preventive against pathological digestive processes in rabbit nutrition"*  
Pascual de Aranda, S.A.

- Improves feed efficiency.
- Reduces stress and its consequences.
- Protects immune system and promotes a natural immunity, improving the general health status. Biocitro increases the effectiveness of vaccination programs.
- Helps to control Clostridiosis and Colibacillosis.
- **Reduces digestive pathologies (enteritis, diarrhoea).**
- Promotes homogeneous litters.
- Helps to improve fertility.
- Improves meat quality, delaying the oxidation, increasing shelf-life.

Biocitro® can be part of a strategy in animal production without antibiotics.

## PROGRAMS FOR USING IN RABBITS

DOSAGE AND USES:	FEED (kg/tm)	DRINKING WATER (ml/l)
	Biocitro 20	Biocitro L-15
<b>Doe rabbits:</b> To reinforce the immune system, during periods of stress, to improve litter homogeneity, to improve general health status.		
Gestation		0,5
10 days before farrowing		0,8-1
Lactation and young rabbit weaning		0,5-0,8
Gestation and lactation period	0,75-1	
<b>Growing rabbits:</b> Helps to control digestive pathologies. Stress periods. To improve meat quality.		
During the growing period, if is not included in the feed		0,3-0,5
During the growing period to slaughter	1-1,5	

Biocitro® can be used combined with acidifying or other plant extracts, getting a synergistic effect.

### Presentations:

- **Biocitro® 20:** 20% Biocitro® powder on a carrier to use in the feed of all animal species. 20 kg. Bags.
- **Biocitro® L-15:** 20% Biocitro® Liquid diluted, to use in drinking water systems of all animal species. 1, 5 and 25 liters bottles.

Please contact us for advice on how to use Biocitro® to achieve maximum results.
