

# PROBENA

PRODUCTOS EN BENEFICIO DE LA NATURALEZA

The inclusion of Biocitro® in feed and drinking system allows the animals to take advantage of the benefits of **VITAMIN C** and **CITRUS BIOFLAVONOIDS**

## Biocitro®

### IN SHEEP AND GOAT

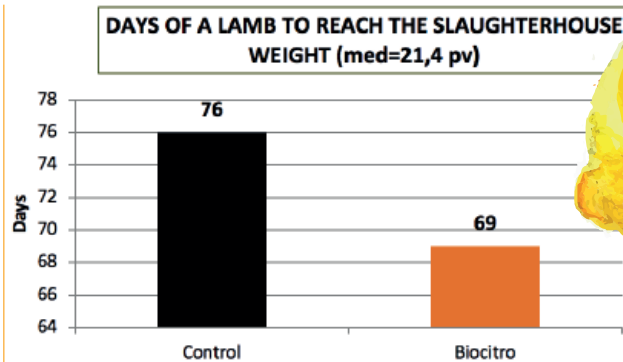

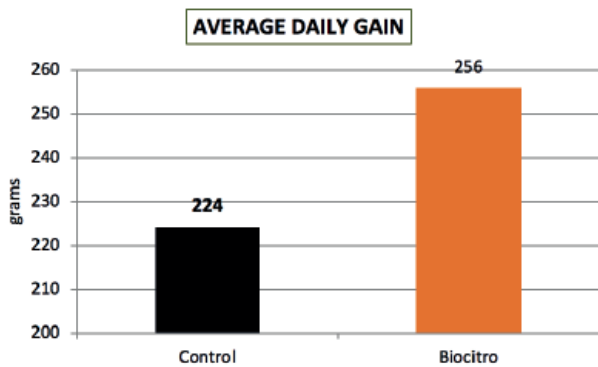

Can be used in **ecological production** according to the Regulation (CE) 889/2008

**FAMI**qs  
European Family Allowance and Production Quality System

# Biocitro® IN SHEEP AND GOAT

" Effect of Biocitro on the lamb with D.O "Ternasco de Aragón" productivity"  
Asesoría en Nutrición Animal, S.C. y Biocitro Europa, S.L.

- Improves feed efficiency, getting better productive rates.
- Reduces stress and its consequences.
- Protects immune system and promotes a natural immunity, improving the general health status. Biocitro increases the effectiveness of vaccination programs.
- Helps to control Clostridiosis and Colibacillosis.
- The antioxidant effect improves...
  - ...fertility.
  - ...meat quality: increasing shelf-life and minimizing losses in commercialization.
  - ...milk quality: increasing fat and protein percentage.

Biocitro® can be part of a strategy in animal production without antibiotics.

## PROGRAMS FOR USING IN SHEEP AND GOAT

DOSAGE AND USES:	FEED	DRINKING WATER (ml/l)
	Biocitro 20 (g/tm)	Biocitro L-15
<b>Ewe:</b> gestation (4 weeks before farrowing)	500	
<b>Ewe:</b> lactation period	750	
<b>Initiation lamb and unique feed</b>	1000	
<b>Lamb growing</b>	750	
<b>Ewe and lamb:</b> any phase		1

### Presentations:

- **Biocitro® 20:** 20% Biocitro® powder on a carrier to use in the feed of all animal species. 20 kg. Bags.
- **Biocitro® L-15:** 20% Biocitro® Liquid diluted, to use in drinking water systems of all animal species. 1, 5 and 25 liters bottles.

Please contact us for advice on how to use Biocitro® to achieve maximum results.
